<p>Page 3 of 4</p> <p>*NOTE: The contractor is cautioned that any service beyond what is authorized in this CSA must be authorized in advance of providing the service by modification to this CSA issued by the Contracting Officer. The Contracting Officer cannot provide CSA coverage after the service has already been provided. Services performed without proper coverage cannot be incorporated into the CSA, nor can payment be made unless there is a "ratification" of the unauthorized act. THE CONTRACTING OFFICER DOES NOT HAVE AUTHORITY TO RATIFY. The ratification procedure is time consuming, requires a full investigation, and can only be accomplished by higher authority.</p> <p>3. EMERGENCY RESTORATION OF SERVICE</p> <p>In the event of damage or any other failure of the company facilities providing services pursuant to this CSA which creates an emergency condition, the Base Communications Officer (or his designated representative) is authorized to request restoration of the service. The company shall, upon receipt of a restoration request, proceed with immediate restoration. All verbal requests will be confirmed in writing within 48 hours from time of request. When the cost of restoration is billable to the Air Force, the company shall submit a bill to the Base Communications Officer, with a copy supported by itemized cost details to the Contracting Officer. The Contracting Officer will issue a contract modification authorizing payment upon validation of charges. If the emergency was due to damage of company facilities on base, after payment has been made, the Base Communications Officer will process a voucher in accordance with AFI 33-111, Vol 1. The local company representative and base should have mutual understanding on implementing the above provisions, such as whom to contact and what information is required by both parties.</p> <p>4. b. Funds will be obligated for the above authorized payments by the Base Communications Officer, on AF Form 406, "Miscellaneous Obligation/Reimbursement Document" (MORD) to be established with the Disbursing Officer identified on Page 1 hereof.

6. RATE CHANGES-TARIFF

The company shall notify the Contracting Officer in writing of any rate changes applicable to services listed hereon and to services provided by subsequent modifications hereto. If, at the end of the three monthly billing periods, the CSA has not been modified to authorize the new rate for the items affected, no further payment will be made and the authorization for this service shall be deemed to be terminated.
